

CHORUS

Our values/

Made in Italy

Selezioniamo le migliori materie prime e, secondo canoni estetici e funzionali, le trasformiamo in prodotti che interpretano con creatività il gusto italiano. Utilizziamo in uguale misura passione e tecnologia, cura del dettaglio e precisione, chimica e cultura, estetica e attenzione all'ambiente. Per noi Made in Italy è racchiudere tutto questo in ogni singolo prodotto.

Made in Italy

We pick the very best raw materials and we follow aesthetics and functional criteria to turn them into products embodying Italian taste and excellence. We sharply combine passion and technology, creativity and accuracy, science and culture, and environmental friendliness. To all of us, Made in Italy means gathering these features into every single product.

Greenthinking

Recuperiamo il 100% dell'acqua, autoproduciamo il 65% dell'energia, differenziamo il 98% dei rifiuti. Siamo stati i primi del settore ceramico a ottenere la certificazione PEF e tra i primi a guadagnarci l'EPD, la FDES e la HPDC. La maggior parte dei nostri prodotti è compatibile con lo standard LEED - Leadership in Energy and Environmental Design. Questo per noi è Greenthinking: un promessa molto seria, un impegno quotidiano.

Greenthinking

We recycle 100% of our water, produce 65% of our energy, separate 98% of our waste. We were the first company in the ceramic industry to obtain PEF certification and were among the first to earn the EPD, the FDES, and the HPDC certifications. The majority of our products comply with the LEED - Leadership in Energy and Environmental Design - standard. Greenthinking implies a solemn promise, an everyday commitment.

CHORUS

ISPIRAZIONE/ INSPIRATION

Note nordiche

Il tempo è il migliore progettista. Scorre, scalfisce e stratifica. Disegna i lineamenti delle pietre, fa giochi grafici sapienti, rielaborati per le superfici di Chorus. L'identità della collezione è marcata da tre rocce, le cui tracce restituiscono echi e voci di paesaggi diversi, una sinfonia estetica inconsueta. Un viaggio tra cime e scogliere del nord diventa paesaggio urbano o domestico.

Nordic notes

Time is the best designer. As it flows, it scrapes and stratifies; it shapes the stone and originates the strong, rough patterns which we've revised to create new surfaces. Three rocks mark Chorus's personality with their natural charm. Echoes and voices of contrasting landscapes play an impressive aesthetic symphony. A journey among northern peaks and cliffs turns into an urban or homely landscape.

THICKNESSES

Formati e spessori

Chorus si sviluppa in 8 formati, quadrati e rettangolari - dall'ampiezza del 120x120 cm alla finezza del listello 9,7x60 cm. La serie familiarizza con ambienti all'avanguardia o dal sapore tradizionale. Lo spessore in 20 millimetri permette di impreziosire gli spazi esterni con la stessa solidità delle pietre.

Sizes and thickness

Chorus comes in 8 squared and rectangular sizes, ranging from the impactful 120x120cm slabs to the finer 9,7x60cm strips. This series fits flawlessly into cutting-edge environments as well as traditional locations. The 20mm thickness aims to provide outdoor spaces with the same durability of stone used for interiors.

Colori e superfici

Le 5 miscele di colore in 3 finiture permettono di legare Chorus a progetti di carattere molto diverso. I toni della serie esaltano la varietà delle pietre calcaree: l'alternanza e combinazione di punti, venature e striature spiccano su fondi scuri e si amalgamano a cromie chiare, fanno di Chorus un prodotto tecnologico e artistico insieme.

5 COLORI/ COLORS

3 SUPERFICI/ SURFACES

Surfaces and colors

Chorus has 5 compounds in 3 finishes allowing the series to fulfill different projects. The palette emphasizes the variety of limestone-like surfaces. Patterns made of accents, veins, and streaks make a perfect contrast to dark backgrounds and an ideal match to light layers. That's what makes Chorus a technological yet artistic product.
